Case called. Both the parties are present. Reply to the notice has been received which is taken on record. Three RTI applications were filed vide letter dated 22.07.2019 vide which information regarding various Developmental works done in Development Block Panchruki for the year 2016-2017 to 2018-19 was sought. The PIO responded to the RTI application vide letter dated 21.08.2019. Not satisfied with the response of the PIO, the appellant filed first appeal dated 28.07.2019 which was decided on 18.08.2019. As compliance of the orders of the First

Appellate Authority was not made, the appellant filed the present second appeal dated 02.11.2019.

2. During the hearing, the appellant stated that he has been provided incomplete information as only information with regard to MNREGA works has been provided whereas information with regard to all the development works was sought. The PIO stated that the appellant had sought information for various works vide his single RTI application but he has been provided information in respect of works done under MNREGA and was apprised to apply separately for each subjects for which the information is required.

3. After hearing both the parties in detail and perusing the case file, the Commission feels that the PIO has rightly responded to the appellant by providing him information for one subject. However, if the appellant desires to have information for various works then he can file fresh RTI application in respect of each subject as per Rule 3(2) of HP RTI Rules, 2006. Further, as the information has already been provided for one subject the appeal has no merit and disposed off accordingly. Inform the parties.
